Customise Jute

BAGS FOR YOUR BRAND!

Threads of JUTE & COMPANY

With the aspiration of keeping the magnificence and functionality of jute alive, we created Jute & Company - an organisation redefining its legacy of jute with a touch of modernity. We create a range of sustainable and beautiful jute bags that emanate the era of today.

Reflecting the light of 100 YEARS OF LEGACY

1930s

Our founding father, **Shree Ram Lal Golchha**, established the first company in Nepal. This was the first-ever large-scale trade and export organisation, exporting raw jute to India & European countries.

1936

Establishment of the first-ever large-scale industry of Nepal, Biratnagar Jute Mills Ltd., and set the course for the nation's economic growth. Also known as the father of industrialization.

1947

Established second Jute mill in Nepal .

1993

Establishment of Arihant MultiFibers Limited (AMFL), a jute-based industry that manufactures products like jute fabric, sacks & twisted yarn.

2004

AMFL was facilitated with a CIP award for the largest export of the nation.

2014

AMFL was facilitated with a CIP award for the largest employment in the nation.

2022

Expanding the horizon of AMFL by setting up additional looms, printing & stitching sections, Jute & Company was founded with the aim of marking our footprints around the world with customized Jute bags.

What WE DO

Jute & Company has a sustainable product range of jute bags. We craft beautiful and eco-friendly bags. We customise them according to your need - creating bags that speak your language.

Jute & Company holds immense respect and care for our community and environment. We aspire to bring out the essence of both our product and way of working.

A STEP TOWARDS WOMEN EMPOWERMENT:

Jute & Company aims to create more job opportunities for women. Our work community holds 80% of female staff. Hence, opening doors to new vistas for women.

A STEP TOWARDS ENVIRONMENTAL BETTERMENT:

Jute & Company aspires to inspire other business ventures to switch to eco-friendly alternatives to reduce carbon footprints. By introducing jute as a perfect and sustainable substitute to single-use plastic bags, Jute & Company contributes to the betterment of tomorrow.

More than just SUSTAINABLE

Jute bags have many practical uses. They eliminate all plastic use risks and are reused almost daily as shopping bags. Catering to the daily needs of a vast population, customised jute bags can prove to be a great brand marketing asset.

Stand out at events, fairs, and trade shows - spread your brand's name and make it known with your own jute bags.

Have a design in mind? Share it with us!

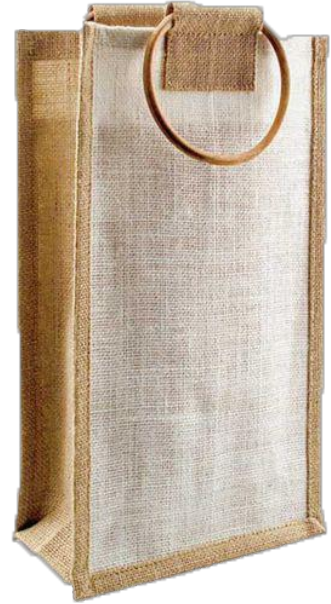

Not sure what you want? Let us know your intent and we will design it for you.

HOW WE DO IT

1. JUTE GODOWN

Stacking of raw jute.

2. SELECTION

Grade wise raw jute selection by hand & eye method.

3. SPREADER/SOFTENER

Application of emulsion (batching oil, water & emulsifier) & splitting jute filament.

4. CARDING

Conversion of raw jute into sliver mesh.

5. DRAWING

Preparing the sliver for spinning by doubling & drafting.

6. SPINNING

Conversion of sliver to jute yarn by twisting.

7. WINDING

Converting spinning yarn bobbins to cops for looms.

HOW WE DO IT

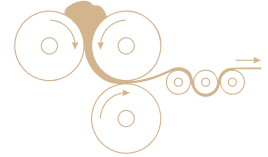

8. WEAVING

Weaving the fabric on looms from cops.

9. CALENDERING

Passing the fabric between heavy iron roller for smoothing the surface of the fabric.

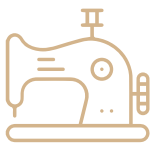

10. CUTTING

Cutting the fabric according to bag size.

11. PRINTING

Printing according to customer requirement.

12. STITCHING

Heming & stitching the bag from side/ bottom/ pockets/ zipper/ handle.

13. FINISHING

Counting the bags & packaging.

14. GODOWN & DISPATCH

Stacking the finished material & dispatch.

Beyond BUSINESS

Jute & Company is affiliated with AMFL. We are dedicated to purposes that go beyond making profits. We are an entrepreneurial organisation that focuses on contributing a part of ourselves to society. Some of the CSR events undertaken by us are:

1

Donating a certain amount to the local community every year.

2

We have made donations to a school, a local hospital during covid, a temple, and donated an ambulance.

3

Organised blood donation programme every year for the benefit of the Nepal Red Cross Society.

4

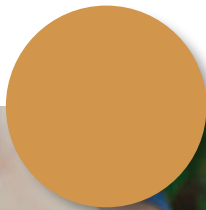

Clothes distribution programme for the underprivileged organised on a local level.

5

Plantation i.e. 200 plants every year within the factory.

6

Building toilet for government school.
